FOREWORD

In 1847 the New York State Legislature required that all school district clerks keep track of all marriages, deaths, and births in their districts. This information was turned over to the Town Clerk of each Town and a copy was sent to Albany. This was discontinued in 1850.

We have assembled the information located in the Town Historian's office and the office of Huntington's Town Clerk and have published all the marriages, deaths and births recorded in the various school districts in the Town of Huntington as of 1847, 1848 and 1849. At this time the Town of Babylon was part of Huntington.
